

# Life Boards

**Date: Thursday, October 15th**

**Time: 6:00-8:00 pm**

**Location:**

**Studio E, Downtown YMCA**

Invite your student for the unique opportunity to create Life Boards! Does your student have goals for this week, this month, this school year, or five years from now? Do you? Encourage your student to visualize and create a life plan using tag board, magazine pictures, and art supplies. These materials will be provided. Feel free to bring any items that relate specifically to your student's interests. You may also model your goals by creating your own Life Board. Please, join us and help your student take the first goal-setting steps toward a successful future!

**RSVP by October 9th and send any questions to:**

**Denise Waldvogel, Mentoring Activities & Events Coordinator**
