

OUR PHILOSOPHY

At the Y, we believe that all kids deserve the opportunity to discover who they are and what they can achieve. Kids Club classes are designed to develop each child's individual skills and personality while encouraging cooperation, sharing, and fun. The Kids Club program incorporates the Y's core values: of caring, honesty, respect, and responsibility into activities and experiences that stimulate your child's physical, social, intellectual, and emotional growth. Through these experiences your child will develop a love for the many school years ahead.

OUR DAY

Classes include activities to promote strong social, emotional and educational development and can include a variety of the following activities:

- Arts and Crafts
- Large Motor Skills
- Free Play
- Social Skill Building
- Age-appropriate Academic Activities
- Circle Time (sing songs, discuss calendar and weather, learn shapes, colors, numbers and alphabet)

YMCA MISSION:

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

KIDS CLUB

Preschool Programming
for Children Ages 2-5

YMCA OF METROPOLITAN MILWAUKEE

KIDS CLUB

Ages 2-5

Kids Club is a progressive preschool program divided into a series of four classes. Each level uses age-appropriate activities to help children develop academically, grow socially, master skills, make friends and become comfortable in a classroom setting.

Kids Club runs September 14, 2015 through May 27, 2016.

KIDS CLUB 2

Child must be 2 years old prior to September 1

Children experience arts and crafts, stories, songs, numbers, and letters. They are also introduced to "circle time" in this one and one-half hour class. Children who are not yet potty trained are welcome to participate in class; however, we request that parents remain in the vicinity of the classroom, just in case.

Tuesdays/Thursdays | 9:15-10:45 a.m.

KIDS CLUB 3 and 4

Child must be 3 years old prior to September 1

Children will enjoy this two hour class filled with action packed fun. Academic challenges continue for your child in an age appropriate matter. Letter and word recognition, number skills and independence are just a few of the skill building opportunities that will be offered. Whether your child's next step is Kids Club 4, or K4 or K5 in their local school, they will get the tools they need to succeed in this class.

Mondays/Wednesdays | 9:15-11:15 a.m.

NEW SCIENCE THURSDAYS

Child must be 3 years old prior to September 1

Science Thursdays is a fun twist on traditional Kids Club. We will have all of the same great learning and fun, but with a science twist. Problem solving experiments and games will be centered around a new discovery each week.

Thursdays | 9:15-11:15 a.m.

BONUS FRIDAYS

Child must be 3 years old prior to September 1

Continue the learning and fun with an additional day. This is available to children participating in Kids Club 3 and 4. This supplemental class will include outdoor activities, gym time, science, art and cooking projects. Please bring a lunch.

Fridays | 9:15-11:45 a.m.
